## SEMINARS AT IBioBA DURING 2018

**10-08-2018**

Guest: **Dra. Ana Raimondi**, IFIBYNE, UBA-CONICET, Argentina.

Title: **"Role of Klf4 in oral epithelial differentiation and oral carcinogenesis"**

**08-27-2018**

Guest: **Dr. Jorge Casal**, Fundación Instituto Leloir (FIL), Argentina.

Title: **"Integration of environmental cues in the control of plant plasticity"**

**08-06-2018**

Guest: **Dr Gustavo Sevlever**, FLENI, Buenos Aires, Argentina.

Title: **"Alzheimer's disease, neurodegeneration and aging: the dangerous relationships"**

**08-02-2018**

Guest: **Dr E. Axel Gorostiza** IFEC-CONICET, Prof. at UNC, Córdoba, Argentina.

Title: **"Hide if you can't fly? Behavioral plasticity and action selection in Drosophila"**

**07-02-2018**

Guest: **Dr. Pablo Buchbinder**, Instituto de Historia Argentina y Americana "Dr. Emilio Ravignani", UBA-CONICET, Argentina.

Title: **"One hundred years after the reform: an interpretation proposal"**

**06-18-2018**

Guest: **Dr. Elena Avale**, INGEBI-CONICET, Argentina.

Title: **"Modulating tau isoforms by RNA reprogramming: Functional consequences and therapeutic perspectives"**

**06-04-2018**

Guest: **Dr. Pedro Aramendía**, Director CIBION-CONICET, Argentina.

Title: **"Molecular distribution and association in cells studied by single molecule fluorescence nanoscopy"**

**05-21-2018**

Guest: **Dr. Camila Zold**, IFIBIO-UBA-CONICET, Argentina.

Title: **"Reward-driven learning in primary visual cortex"**

**05-07-2018**

Guest: **Dr. Osvaldo Rey**, Instituto de Inmunología, Genética y Metabolismo (INIGEM-CONICET-UBA), Argentina.

Title: **"PKD1 is associated to the Regulation of G2-M transition and mitosis progression"**

**04-23-2018**

Guest: **Dr. Maria Inés Perez Millan**, Instituto de Investigaciones Biomédicas (INBIOMED), CONICET-UBA, Argentina.

Title: **"Pituitary hormone deficiency: synergy between functional studies in mice and genetic analysis of patients"**

**04-16-2018**

Guest: **Dr. Rodrigo Laje** - Universidad Nacional de Quilmes, Buenos Aires, Argentina.  
Title: "**Processing of time in the brain: experiments and mathematical models**"

**03-26-2018**

Guest: **Dr. Anabella Srebrow** - IFIBYNE, UBA- CONICET, Buenos Aires, Argentina.  
Title: "**Exploring the connection between the SUMO conjugation and the splicing process**"

**03-19-2018**

Guest: **Dr. Ruth Ladenheim** - Director CIECTI, Buenos Aires, Argentina.  
Title: "**CIECTI: diseño, monitoreo y evaluación de políticas públicas en CTI y su relación con el desarrollo económico y social**"

**01-29-2018**

Guest: **Dr. Esteban J Beckwith** - Gilestro Laboratory, Life Sciences Department, Imperial College London, UK.  
Title: "**Sexual arousal regulates sleep homeostasis**"

MAX-PLANCK-GESELLSCHAFT
